

Dear Neighbor,

It is my pleasure to introduce our community's new family dental center, the Apollonia Dental Center. Conveniently located in the Albertson's center at White Lane and Gosford, our goal in creating the Apollonia Dental Center has been to create the very best environment for your family's dental care.

Please accept this invitation to schedule a complete dental exam, including all necessary X-rays and consultation, for the introductory fee of only \$25. This special introductory offer is an easy and no-stress way to get to know your new neighborhood dentists, and is available for a limited time and only to local area residents.

We all know that it can be a challenge finding a dentist you can trust to care for your family with gentleness, thoroughness, and caring. When you come and meet with us, you will feel confident that you have made the right choice, and you will be pleased with the personal service and respect that each family member receives.

Dental care has changed dramatically in recent years as modern technology has made excellent dental care easier, more comfortable, and more affordable than ever before. In designing our new dental center, we have included many new technologies to make dental care a positive and comfortable part of your family life.

In addition to regular "dentist office" hours, our new Apollonia Dental Center is also open to serve your family's needs evenings and weekends, so you can more easily fit important dental care into your busy schedule. Our three dentists all live with their families in the neighborhood, so you can feel secure that we are available for emergency and short-notice care, when unexpected needs arise.

Please call **831-9024** today to schedule get-acquainted visits for the entire family at this special introductory fee of only \$25.
